PROJECTS

Tutor Connect

📅 11/2023 - 01/2024

🔗 <https://nithiya-manoharan.github.io/tutor-connect>

Implemented a beginner-level project that served as a foundational learning experience in HTML, CSS, and JavaScript, fostering practical skills in web development.

Pizzeria

📅 08/2024

🔗 <https://nithiya-manoharan.github.io/pizzeria>

A project developed using JSON-server, React, and Bootstrap during an internship, providing hands-on experience and foundational knowledge of these frameworks.

GIN Bakers

📅 11/2024

🔗 https://nithiya-manoharan.github.io/gin_bakers

Designed a project for a web technology course, focusing on the front-end using HTML, CSS, and vanilla JavaScript. It aims to provide a user-friendly interface.
